TONHC: 2020-COVID-19

Tohono O'odham Nation Health Care (TONHC) – Remote Pharmacy Service

The TONHC Pharmacy is committed to the health and safety of the Nation, and to that end, we have modified our medication pickup processes.

Effective Tuesday, August 25, 2020, Sells Hospital and San Xavier Health Center have established “Remote Pharmacy” locations outside of the main hospital/clinic facilities where medications can be picked up and physical distancing can be maintained. San Simon will continue to provide medications from the main pharmacy.

To help improve your TONHC Pharmacy experience:

- If you see a provider in clinic, and they order medications for you, we encourage you to pick up the medications from the main pharmacy before you leave the building. Please let the medical staff know if you will be waiting for your medications.
- If you see a provider in clinic, and also wish to pick up medication refills you have requested prior to your visit, we ask that you pick up your refills from the Remote Pharmacy before or after your visit.
- If you only have medication refills to pick up, please proceed safely to the Remote Pharmacy area.
- **Because prescriptions are being filled in the Main Pharmacy and have to be transported to the Remote Pharmacy, we ask that you allow 1-2 business days for refills to be ready.**

Sells Hospital Remote Pharmacy
