Free Walk-Up Covid-19 TESTING and Flu Vaccines

Tuesday, September 29, 2020
Baboquivari High School
Fine Arts Building
8:00 am - 1:00 pm

- Flu Vaccines - ages 6 months & up
- Free Face Masks

You can have walk-up testing for COVID-19 if you do not have symptoms at this time.

Please adhere to the following:

1. Wear a mask. Follow the signs for parking. Adhere to social distancing "6 feet."
2. Bring drinking water. Plan to use the restroom before coming.
3. Follow directions from traffic controllers and staff.
4. Stay at home until you have your test results.
5. If you feel sick (ex: fever, breathing difficulty, heavy cough, vomiting, or diarrhea), make an appointment at one of the clinics to get seen by a provider.

What to Expect:

- Staff will ask if you have symptoms, your name, birthdate, "MRN" (medial record number) and phone number.
- We will offer flu vaccines to everyone.
- You will get a nose swab for testing. We will call you with results in 4-6 days.
- If you test positive, we will ask to test your close contacts.

Remember, getting tested today only gives you today's result. A negative result does not protect you or your family tomorrow. Stay in quarantine if directed.

Always wear a mask in public. | Stay 6 feet away from others. Avoid all gatherings, even with close relatives who do not live with you.
